

# EXECUTIVE SUMMARY REPORT

## Verona Area School District Renovations

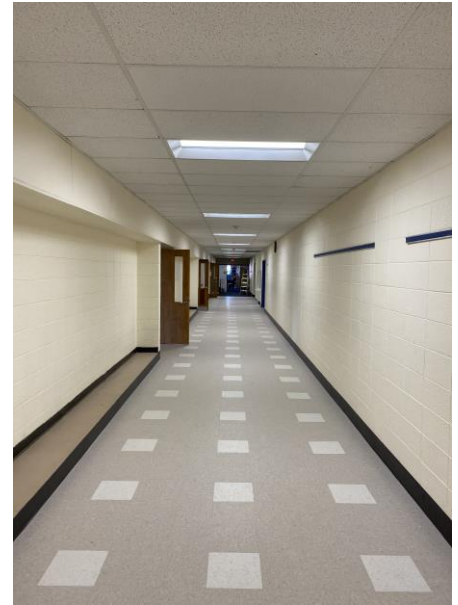

August 14<sup>th</sup>, 2020

### Tiles and Landscaping!

This week the installation of new tile flooring is being completed at both the K-wing and New Sugar Creek schools. The three main corridors of K-wing are now freshly tiled, as well as the kindergarten classrooms in the New Sugar Creek building. See the K-Wing and New Sugar Creek tiling in the top and bottom picture, respectively. Final touches on landscaping have been in progress over the past two weeks on site. The most significant completions have been on site of the K-Wing and New Badger Ridge buildings.

### The Past Week:

- Completion of New Tile Flooring at K-Wing
- New Tile Flooring in Kindergarten Classrooms at New Sugar Creek
- Final Seeding of Grassed Areas at K-Wing
- Soiling and Planting in K-Wing Parking Lot Islands
- Final Landscaping South of the Greenhouse

### Coming Up in the Weeks Ahead:

- Finishing Touches on Tile Flooring at New Sugar Creek
- Final Cleaning of All Construction Spaces
- Teachers and Staff Return to Fully Renovated Buildings

### DID YOU KNOW?

The original K-Wing building was built in 1960 and was referred to as "Country View". It was used as the high school and then later as the elementary school. Now, exactly 60 years after its original construction, international and charter students will make use of the newly renovated space!
