

Verona Area High School

Visioning Team Update - Guiding Principles (draft)

GUIDING PRINCIPLES - draft

Visioning Team Update | June 12, 2017

- The new high school will be vibrant and universally engaging as it serves the mission of Verona Area School District. It will express our vision for progressive learning and work environments that thoughtfully consider light, color, material, and forward thinking design.
- The new high school will be a reflection of our diverse student body and feel welcoming and safe. The building will be inclusive and provide opportunity to unite students, staff, and community.
- The new high school building and campus will be adaptable so that it will flex to accommodate future growth, community partnerships, and the evolution of teaching and learning strategies. A variety of spaces will support innovation, collaborative thinking, and inspire creativity, self-discovery, and exploration.
- The new high school will be responsive to the natural environment, embody efficiency and sustainable design, and maximize views, daylight exposure to learning spaces, and extensions to outdoor learning environments.
- The new high school will be a safe place which promotes the physical and emotional wellbeing of students and staff while minimizing the physical evidence of the most progressive safety and security features.
