

**STUDENT TRANSPORTATION SERVICES**

The District shall provide transportation services to all resident K-5 students residing 1.25 miles or more from their school of attendance, all resident 6-12 students residing two or more miles from their school of attendance, students with disabilities, students residing in areas of unusual hazards and students attending private or parochial schools in accordance with state law and established District procedures

Bus transportation may be provided to a nonresident student attending school full-time in the District under the public school open enrollment program provided the student is picked up and dropped off at an existing District bus stop and there is room on the school bus. Transportation to and/or from a child care provider may also be provided in accordance with established guidelines.

The location and extent of school bus routes and the location of school bus stops shall be determined by the transportation contractor, consistent with District procedures.

The School Board considers school buses to be an extension of the school facility; therefore, all rules and regulations concerning student conduct shall be enforced. Building principals shall discuss these rules with students annually. Failure to observe such rules and regulations may result in revocation of transportation privileges.

The Business Manager shall be responsible for the student transportation program. He/she shall continually appraise the student transportation program and make recommendations for its improvement in terms of maximum service, safety, economy and efficiency.
